Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: Examiner contacted attorney in order to verify abandoned status. On 24 July 2002, attorney faxed the response which had been mailed 27 March 2002, however, there was no certificate of mailing that showed proof of the 27 March 2002 mailing date. Attorney contested that the wrong specification and claims had been examined, however, the specification and claims that were in the proper place in the file wrapper (center) were examined as entered. The correct specification and claims was found in a response entered 20 June 2000 in the right hand side of the file wrapper; however, there was no petition to replace the specification and claims that were already in the center of the file wrapper. Due to the non-response, this application is abandoned..
